

Tryton Unconference Barcelona

Technical Seminars
November 8-10, 2013, Barcelona

What is TUB 2013?

Tryton, the featureful open source ERP, comes to Barcelona. These days the Catalan capital will become the ideal habitat for businesses, developers, partners and people interested in this ERP discover first hand their features, the savings of using it compared to traditional private software and which are the latest technical developments presented in Tryton 3.0.

Technical Seminars

Tryton has grown. After five years of development and testing, now the version 3.0 will be presented in Barcelona. The latest version that includes new interesting features like web client, integration improvements and the essential modules for business management. The technical seminar are aimed at programmers and developers, and also serve to start working on version 3.2.
